DIVISION OF  
OIL, GAS & MINING

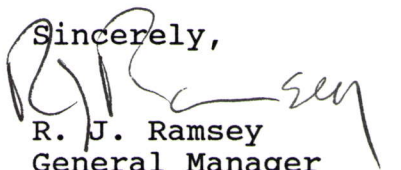

Dear Mr. Braxton:

On March 23, 1989, representatives of the Barneys Canyon project met with Messrs. Holland Shepherd and Scott Johnson of your office and representatives of the Division of Wildlife Resources to discuss fencing for the site. At that time we described the fencing plan, possible design criteria and toured the area. As a follow up to that meeting, we are forwarding to you the final fencing plans for the project.

We are in the process of revising the Notice of Intent (NOI) for the project and the fencing plan will be reflected in the revision.

If you have any questions, please feel free to contact me or Cindy Emmons at 322-8347.

Sincerely,

  
R. J. Ramsey
